Contents

Chapter 1: General Introduction	1
Overall aim of KBO-project.....	1
Global aims of this thesis	2
Definition and epidemiology of bipolar disorder.....	2
Definition and epidemiology of unipolar disorder	3
Background and theoretical framework.....	4
Main research questions of this thesis	8
Sample.....	8
Measures	10
Chapter 2: Prevalence of psychopathology in children of bipolar parents ..	13
<i>(Journal of the American Academy of Child and Adolescent Psychiatry, 2001, 40, 664-671)</i>	
Abstract.....	14
Introduction.....	14
Methods.....	17
Results.....	19
Discussion	23
Chapter 3: Multiple dimensions of familial psychopathology affect risk of mood disorder in children of bipolar parents	27
<i>(American Journal of Medical Genetics, part B, Neuropsychiatric Genetics, 2004, 127B (1), 35-41)</i>	
Abstract.....	28
Introduction.....	28
Methods.....	29
Results.....	32
Discussion	36
Appendix	40
Chapter 4: The impact of birth weight and genetic liability on psychopathology in children of bipolar parents.....	41
<i>(Journal of the American Academy of Child and Adolescent Psychiatry, 2003, 42, 1116-1121)</i>	
Abstract.....	42
Introduction.....	42
Methods.....	44
Results.....	47
Discussion	49
Appendix	51

Chapter 5: Prediction of change in level of problem behavior among children of bipolar parents	53
<i>(Submitted for publication)</i>	
Abstract	54
Introduction	54
Methods	56
Results	59
Discussion	62
Acknowledgements	63
Chapter 6: Stressful life events and onset of mood disorders in children of bipolar parents during 14-month follow-up	65
<i>(Submitted for publication)</i>	
Abstract	66
Introduction	66
Methods	68
Results	73
Discussion	76
Chapter 7: General Discussion and Conclusions	79
Recapitulation of Research Questions	79
Strengths and limitations of the study	87
Research implications	89
Final conclusion	91
References	93
Summary	103
Nederlandse samenvatting (Summary in Dutch)	111
Dankwoord	119
Curriculum Vitae English	121
Curriculum Vitae Nederlands	122
